### BEAR DAY IN STOCKS

Wall Street Profits for Insiders.

Selling Results in Figures Recorded in Months.

with One Exception, in the History of the Exchange.

NEW YORK BUREAU OF THE TIMES, Dec. 21.—In the most hectic selling in the memory of modern times, the New York stock market today came plunging toward the lowest figures in months.

"Panic" reached its climax with a single exception, the heaviest trading in history. At a late hour there is still variance in the estimates, with \$1,150,000 the likely total.

War brides and peace industrialists, railroad stocks, public utilities, merchandising concerns, copper, steel, sugar, tobacco—all were in a tizzy, and the closing hour became a complete rout, slipped and slid, rallied, then fell with a succession of falls, and the most disastrous of all was the volume of sales today, which exceeded it.

### HAS ALIBI FOR PREMIER'S NOSE

St. Louis Soccer Player Says He Broke It With Brick After Blow.

(DIRECT WIRE—EXCLUSIVE DISPATCH.) ST. LOUIS, Dec. 21.—Richard H. Jarrett, king of St. Louis soccer players, bears the distinction of having broken the nose of David Lloyd George, English Premier. The encounter that resulted so disastrously for the famous Welshman was during a soccer game played when both men were students at the Sallop School. Lloyd George became angry at Jarrett for rough play and struck him. Jarrett picked up a piece of brick and threw it, striking Lloyd George on the nose and breaking it. Jarrett saw Lloyd George in England in 1900 and noticed the bump still visible on the nose of the great Welsh commander. The encounter was more than thirty years ago.

### "SINK THEM ON SIGHT," MAY BE GERMAN POLICY

First Hint of the Reply of Berlin to Lloyd George's Refusal.

(BY ATLANTIC CABLE AND A. P.) LONDON, Dec. 21, 10:50 a.m.—The Exchange Telegraph Company's Amsterdam correspondent quotes the following from the Berlin Tagliche Rundschau:

"The German government has now formally taken the position that England's armed commercial and passenger steamers are men of war, being armed auxiliary cruisers. The promise given to America—which has always hindered our submarine war—that these vessels, before being torpedoed, must be stopped and be examined, falls to the ground. They are warships and must be treated as such, even when Americans are on board."

"We now have facilities for extending the undersea boat war, which all sensible people have long recognized as unavoidable and indispensable. This is the best reply to Premier Lloyd George's refusal of our peace offer."

PARIS, Dec. 21, 5:05 a.m.—The Bordeaux correspondent of the Figaro telegraphs that several ships at that port have been mounted with guns and taken supplies of munitions on board to defend themselves against submarines.

LONDON, Dec. 21, 3:55 p.m.—The government cannot admit any distinction between the rights of unarmed merchant ships and those armed for defensive purposes, said Sir Edward Carson, First Lord of the Admiralty, replying to a question today in the House of Commons. Continuing, Sir Edward said:

"Merchant captains enjoy an inalienable right to defend their vessels against attack, visit or search by any means in their power, but they must not seek out the enemy to attack him, that function being reserved to ships of war. So far as I am aware all the neutral powers take the same view."

The First Lord of the Admiralty said the British government was devoting its continuous attention to the theory and practice of defensive armament.

STEAMER LIVERPOOL SUNK. (BY ATLANTIC CABLE AND A. P.) LONDON, Dec. 21, 4:20 p.m.—Lloyd's shipping agency announces the steamer Liverpool has been sunk. The steamer was carrying a cargo of twenty-nine.

RUSSIAN STEAMER SUNK. (BY ATLANTIC CABLE AND A. P.) COPENHAGEN (via London) Dec. 21, 11:12 p.m.—The small Russian steamer Skiffet has been sunk by striking a mine near Abo, Finland, according to advices received here. Fifty-nine persons were killed in the disaster. Only one person aboard the steamer was saved.

HITTE A MINE AND SINKS. (BY WIRELESS AND A. P.) BERLIN, Dec. 21 (via Sayville).—The Frankfurter Zeitung has received a report from Lugano, Switzerland, saying that a vessel, the name of which is not given, on December 13, hit a mine in the Adriatic and sank with its entire crew, according to the Overseas News Agency.

The report adds that Lieut.-Gen. Oreste Bandoni, the Italian chief commander in Albania, and numerous officers and men were killed.

NORWEGIAN SHIP SUNK. (BY ATLANTIC CABLE AND A. P.) LONDON, Dec. 21, 9:22 p.m.—Lloyd's announces that the Norwegian steamer Modig has been sunk. Her crew was landed. The shipping agency also says the Norwegian steamer Modig was reported to have been torpedoed. Her crew also was landed.

ARGENTINE SHIP OVERDUE. (BY ATLANTIC CABLE AND A. P.) BUENOS AIRES, Dec. 21.—The

Suggestion.

WOULD CUT CANAL RATES FOR AMERICAN VESSELS.

We Build the Ditch, Declares Charles M. Schwab, so Why not Allow Our Shipping to Profit by It—Predicts After the War There will be Recession in Steel Prices in this Country.

(BY A. P. NIGHT WIRE.) NEW YORK, Dec. 21.—American ships should be permitted to pass through the Panama Canal at lower tolls than foreign vessels, declared Charles M. Schwab, president of the Bethlehem Steel Corporation, in an address at a dinner given in his honor by the Lotus Club tonight. The steel manufacturer suggested this method to influence the shipping industry, and to offset the disadvantage suffered by the Americans in paying approximately 40 per cent. more wages than owners of British and Norwegian ships.

"Of course, so long as the war lasts, and the United States remains neutral, nothing will prevent a tremendous increase in American merchant marine," said Mr. Schwab. "The real point, however, is that present duties, wages and other restrictions upon vessels flying the American flag prevail after the war, when the world will again transfer their vessels to foreign registry. When the war is over, the cost of ordinary conditions in the neighborhood of \$1,000, an increase of more than 40 per cent. more than British or

### First Woman in Electoral College.

Mrs. R. C. Layman

Of Hutchinson, Kan., who will probably be selected to take the State's vote for Wilson to Washington, where it will be counted when Congress goes through the formality of canvassing the vote for President. It was the work of the women in the banner dry State that put it into the Democratic column, it is said.

Washington, Dec. 21.—President Wilson's note to the belligerents urging discussion of peace was officially interpreted today as not bearing any threat that the United States might be forced to enter the war because of the continued invasion of its rights by the warring powers on both sides.

This interpretation was made late today by Secretary Lansing in a formal statement.

Entente diplomats, at first at an utter loss how to handle the unexpected situation, became convinced that a clearer understanding of the necessities and purposes of the United States proved that their fear of a move favorable to Germany was not contemplated, and that this country would not try to force peace upon Europe. Their view grew that the United States feared that unless the peace proposals go through now a period of ruthlessness and retaliation may set in on both sides which will inevitably force this country into action.

THE BEST THEY CAN. It is indicated, therefore, that the Allied diplomats will advise their governments to view the note in a friendly spirit and go as far as possible toward meeting the wishes of the United States.

No indication was vouchsafed, however, as to whether the replies will be identical or individual in form, or general or specific in nature.

Secretary Lansing in calling in the diplomatic representatives of the belligerent states has made it plain that it is clear to them individually that the United States expected the replies of their governments to be absolutely frank in all details. The idea was gathered that the United States was looking forward to a clearinghouse, at least for views, and probably for terms.

PURPOSE OF EXPLANATION. The general understanding was that the purpose of this explanation was to enable the envoys to communicate to their own governments the underlying purpose of the President's action at this time. Further, the opinion prevailed that the United States expected to be fully informed of all terms, including those relating to territory.

It is felt in various diplomatic quarters that while statements regarding terms, especially those concerning territory, might readily be passed along by the United States, they must not, if the negotiations are to have the slightest chance of success, be conveyed to the public generally. Should definite territorial terms be made public, it is feared a certain section of public opinion in the countries affected would foment additional embarrasments.

WORLD CRISIS. The world diplomatic crisis seemed temporarily moved to Washington during the day because of the President's note, Secretary Lansing's statement and the anxiety of the diplomatic corps to understand the American President's position. The ranking diplomats from the belligerent countries had called at the State Department, many of them for the first time, to meet with the President's note was declared today to be a "hit around the whole circle" of the world, and that it is clear to them individually that the United States expected the replies of their governments to be absolutely frank in all details. The idea was gathered that the United States was looking forward to a clearinghouse, at least for views, and probably for terms.

PURPOSE OF EXPLANATION. The general understanding was that the purpose of this explanation was to enable the envoys to communicate to their own governments the underlying purpose of the President's action at this time. ### BOPP ON STAND IN OWN BEHALF

German Consul-General G. Frank Testimony.

He Contends Employment Smith Legitimate.

Von Schack Shown to Little Authority.

(BY A. P. NIGHT WIRE.)  
SAN FRANCISCO, Dec. 21.—Bopp, German Consul-General, today took the stand in the United States court at San Francisco, and testified that he had no knowledge of the conspiracy to violate the neutrality laws of the United States by the German government, and that he had no knowledge of the German government's policy of neutrality.

Bopp's testimony was given in a quiet, unassuming manner, and he was not interrupted by the prosecution. He testified that he had no knowledge of the German government's policy of neutrality, and that he had no knowledge of the conspiracy to violate the neutrality laws of the United States by the German government.

He testified that he had no knowledge of the German government's policy of neutrality, and that he had no knowledge of the conspiracy to violate the neutrality laws of the United States by the German government.

He testified that he had no knowledge of the German government's policy of neutrality, and that he had no knowledge of the conspiracy to violate the neutrality laws of the United States by the German government.

He testified that he had no knowledge of the German government's policy of neutrality, and that he had no knowledge of the conspiracy to violate the neutrality laws of the United States by the German government.

He testified that he had no knowledge of the German government's policy of neutrality, and that he had no knowledge of the conspiracy to violate the neutrality laws of the United States by the German government.

## Railroad Record.

## EASTERN ROADS UNDER THE BAN

Eight Fail to Carry Out Car Distribution Plans.

Request of Commission has been Complied With.

Sale of Missouri Pacific is Ordered in the East.

(BY A. P. DAY WIRE.)

WASHINGTON, Dec. 21.—In line with its announced policy of bring-

ing before the bar of public opinion

the railroads which do not co-

operate in car redistribution plans,

the commission on car service of the

American Railway Association an-

nounced tonight that eight eastern

roads had failed to carry out recom-

mended redistribution measures.

The announcement expressed a hope

that these lines will at once show

a marked improvement in their per-

formance.

"It is clearly apparent," says the

commission, "that these com-

panies, having an excess of box car

equipment, have not complied with

the request of the commission on

car service to deliver a designated

excess of box cars to southern and

western connections above the num-

ber of box cars received from such

connections."

Other roads, it was said, appeared

to have been derelict in complying

with requests for box-car redistribu-

tion, but the information regarding

them was not complete. The an-

nouncement stated also that a num-

ber of roads had not shown the de-

sired improvement in aiding redi-

stribution of coal cars, but that fac-

tors other than the good will of the

roads themselves had entered into

that situation.

FORECLOSURE ORDERED.

(BY A. P. DAY WIRE.)

ST. LOUIS, Dec. 21.—The sale at

foreclosure of the Missouri Pacific

Iron Mountain Railway system was

ordered in the United States Dis-

trict Court today by Circuit Judge

Hook of Leavenworth, Kan.

The sale, which will clear the way

for the reorganization of the com-

pany under the plan already ap-

proved by the Missouri Public Ser-

vice Commission, is expected to take

place in February and to come be-

fore Judge Hook for confirmation

in March.

Judge Hook today fixed a mini-

mum price for the Missouri Pacific

system at \$115,000,000 held by the

Guaranty Trust Company of New

York against the Missouri Pacific

bonds of \$100,000,000 held by the

Union Trust Company of New York

against the Iron Mountain; and

the sale of the Iron Mountain will

take place in St. Louis and the sale

of the Kansas and Colorado Pacific

in Topeka, Kan.

The roads will be sold to satisfy

bonds of \$115,000,000 held by the

Guaranty Trust Company of New

York against the Missouri Pacific

bonds of \$100,000,000 held by the

Union Trust Company of New York

against the Iron Mountain; and

the sale of the Iron Mountain will

take place in St. Louis and the sale

## THE CITY

### AND ENVIRONS.

#### EVENTS BRIEFLY TOLD

#### W.C.T.U. to Meet.

Los Angeles Central W.C.T.U. will meet at 2:30 p.m. Friday at No. 381 North Broadway. An address will be given on "World's Peace."

Twenty pounds of California beans are wanted for every man in the United States Navy. The trade extension department of the Chamber of Commerce yesterday received word from the quartermaster's department that between \$60,000 and \$60,000 pounds of white beans are desired. Details may be had at the chamber.

At Synagogue Sinai.

Dr. David L. Likhatsky will speak on the subject of "Savings Minorities" at the F. J. Likhatsky synagogue at 10:30 p.m. on Sunday night. The speaker will speak on "The Feast of Dedication." Hanukkah services will be held for the children of the religious school at 7:30 o'clock Sunday afternoon. The program will be rendered by the children.

#### Temple B'nai B'rith.

The Sabbath services at the Temple B'nai B'rith this evening at 8 o'clock and tomorrow morning at 10:30 will be distinguished by references in prayer and sermon to the Chanukah (the festival of the Dedication), which is being observed during this week. Rabbi Magnin will preside at the services.

Dr. Hacht will speak tomorrow morning on "Chanukah in Legend and in History." He will also address the children at their service at 9:45 o'clock tomorrow morning, taking for his subject: "The Growing Light."

On Sunday next at 2 p.m. the annual Chanukah festival for the children and by the children will be held under the direction of Rabbi Magnin.

#### Civil Service Examinations.

The United States Civil Service Commission announces examinations for the following positions: Deputy collector, inspector and agent, anti-narcotic act (male), \$1600 per annum; oil canner, (male), \$1200 per annum; aid, \$840 per annum; veterinarian, (male), \$1400 per annum; assistant examiner (Patent Office), (male and female), \$1500 per annum; assistant chemist in forest products (male), \$900-\$1500 per annum; specialist in cotton, marketing and warehouse, (male), \$2000-\$2500 per annum; assistant biologist, (male), \$900 per annum; senior structural engineer, grade No. 1, (male), \$3500 per annum; mechanical draughtsman, (male), \$1000 per annum; supervising mining engineer and metallurgist, (male), \$4000 per annum; surveyor, (male), \$1000 to \$1100 per month; negative cutter (male), \$5 per diem; architectural draughtsman, (male), \$130 per month; lithographic map engraver, (male), \$720 per annum. Application blanks and further information may be obtained of Local Secretary, No. 618 Federal Building, Los Angeles.

#### Welcome.

#### BONUSES FOR MANY.

Hundreds of Los Angeles employees of the Santa Fe and the Wells Fargo Companies will receive a substantial holiday gift of money.

About 800 employees of the Santa Fe Railroad living in Los Angeles will receive a happy reminder of Santa Claus today when they draw their monthly pay checks, for each one will receive in addition to his regular pay a bonus check representing 10 per cent. of his yearly earnings as a Christmas present from the company. These checks will range in size from \$100 to \$200, and will amount to approximately \$100,000, according to a statement made last night by W. H. Brewer, assistant to the general manager of the Santa Fe.

The total Christmas bonus that will be paid to the 800 men on the Coast division will amount to \$100,000. The Santa Fe has this year appropriated \$2,700,000 for bonuses to its employees on all lines.

January 1 money employees of Wells Fargo in this city and elsewhere will receive the first quarter of a bonus equal to one month's wages, payable to all employees who have been continuously in the service of the company twelve months and who are receiving pay of \$2800 a year or less. Other installments will be paid next April 1, July 1 and October 1. Employees who have not been in the service of the company a year on January 1 will become eligible for such future payments as fall without the terms of their first year of employment.

The bonus is to be paid to about 800 Wells Fargo men and women and will total approximately \$1,000,000.

#### CHRISTMAS RUSH BREAKS RECORD.

Postoffice Receipts are Far in Excess of Last Year.

With the dispatch yesterday of a trainload of gifts from Southern California, all previous figures on postal receipts for December have been broken according to estimates by Assistant Postmaster Dismann.

It is estimated that the receipts of the local office for December will be not less than \$30,000 above the figures for the same month last year.

The holiday rush has been handled admirably and with no sign of delay or trouble at any stage. So far there has not been a minute's delay in the dispatch of either letters or parcel post packages intended for friends in the East. There has been an entire absence of friction at all stages of the extra work, which has been handled by the regular force, augmented by 400 extra post-office employees.

SPANISH GIRL WINS HOMESTEAD RIGHTS.

LAND OFFICIALS DISMISS CASE FILED AGAINST.

Martinez Canyon Tract Occupied and Worked by Former School Teacher with Life's Savings Awarded to Miss Duarte When Contestant Fails to Appear.

Miss Anita Duarte, a young Spanish girl, who for the past three years has been trying to establish a home out of 150 acres of rugged land located in Martinez Canyon, near Castaic, yesterday came nearer to realizing the cherished hopes of a life time by the judgment of Registrar Rocha and Receiver Mitchell of the local Land Office dismissing the contest of Pedro Verdugo to 110 acres of land which had been homesteaded by the girl, and upon which she is about ready to make final proof and receive her patent, this proceeding having been delayed by the adverse proceedings of Verdugo.

Miss Duarte filed the first homestead on 110 acres about four years ago, and it is claimed complied with the law in every respect. It is this place that Verdugo wanted, alleging she had abandoned it. When the matter came up yesterday, Registrar Rocha and Receiver Mitchell of the local Land Office, who were present at the hearing, thought since the girl had gone to the expense of bringing her witnesses to Los Angeles, the contest should be dismissed, as the information about Verdugo's illness when Miss Duarte went on her land was about the only settler in the vicinity. She lived in a small two-room house built by her brother, who made his home with her. Later, it is claimed, she came to the land and was among the best in that locality, and she stood her ground.

When she lived alone a year ago, when a portion of the Santa Barbara National Forest was thrown open to the public, she was in that section was a fine spring, adjoining her land. She at once filed on this quarter section, which she had coveted water supply, and her right to this was contested by Jose Aro and Alvaro Ramirez. At a hearing Miss Duarte was successful in securing the land and the spring.

With the dismissal of the Verdugo contest the young woman now has in sight 150 acres of excellent land, subject only to the right of appeal to the General Land Office.

Frank.

#### "ALL POPPYCOCK"

Mayor Makes Statement After Talk with Deputy District Attorney Woolwine About Charges of "Irregularities" Made in Newspapers.

Deputy District Attorney Claire Woolwine called on Mayor Woodman yesterday in reference to charges of alleged irregularities at the City Hall.

"What did you discuss?" the Mayor was asked.

"We didn't discuss anything," he simply informed me there was nothing to discuss. He said there was nothing in this poppycock that is going around. He wanted to know if I had anything, and I told him I had not."

Mr. Woolwine later conferred with Chief of Police Butler, presumably about similar matters.

Mayor Makes Statement After Talk with Deputy District Attorney Woolwine About Charges of "Irregularities" Made in Newspapers.

Deputy District Attorney Claire Woolwine called on Mayor Woodman yesterday in reference to charges of alleged irregularities at the City Hall.

"What did you discuss?" the Mayor was asked.

"We didn't discuss anything," he simply informed me there was nothing to discuss. He said there was nothing in this poppycock that is going around. He wanted to know if I had anything, and I told him I had not."

Mr. Woolwine later conferred with Chief of Police Butler, presumably about similar matters.

THE WEATHER.

(Official Report.)

LOCAL OFFICE, U. S. WEATHER BUREAU, Los Angeles, Dec. 22.—(Reported by Fred A. Carpenter, Meteorologist.) At 8 o'clock a.m. the barometer registered 30.09; at 2 p.m., 30.01. Thermometer for the corresponding hour showed 45 and 55 deg. relative humidity, 5 a.m., 81 per cent.; 2 p.m., 70 per cent. Wind, 5 a.m., southwest, velocity 4 miles; 2 p.m., southwest, velocity 6 miles. Highest temperature, 62 deg.; lowest, 44 deg. Rainfall for season, 4.32 inches; last season, 3.21 inches. Barometer reduced to sea level.

WEATHER CONDITIONS.—The area of high pressure periods over the central portion of the United States and cold weather continues in that region. Well-marked areas of low pressure are over the Gulf of Mexico and Pacific Ocean. Increased temperatures to Florida, Jacksonville, and other points in the Southeast, and to the Gulf of California, are indicated during a thunderstorm.

FORECAST.—Minimum temperatures reported for the past twenty-four hours: Los Angeles, 45 deg.; Fresno, 35 deg.; Sacramento, 37 deg.; San Francisco, 48 deg.; Portland, 47 deg.; Seattle, 47 deg.; Denver, 37 deg.; Salt Lake City, 37 deg.; Albuquerque, 37 deg.; Santa Fe, 37 deg.; El Paso, 37 deg.; San Antonio, 37 deg.; Austin, 37 deg.; Dallas, 37 deg.; Houston, 37 deg.; New Orleans, 37 deg.; Mobile, 37 deg.; Savannah, 37 deg.; Atlanta, 37 deg.; Washington, 37 deg.; Baltimore, 37 deg.; Philadelphia, 37 deg.; New York, 37 deg.; Boston, 37 deg.; Chicago, 37 deg.; St. Louis, 37 deg.; Kansas City, 37 deg.; Omaha, 37 deg.; Lincoln, 37 deg.; Denver, 37 deg.; Salt Lake City, 37 deg.; Albuquerque, 37 deg.; Santa Fe, 37 deg.; El Paso, 37 deg.; San Antonio, 37 deg.; Austin, 37 deg.; Dallas, 37 deg.; Houston, 37 deg.; New Orleans, 37 deg.; Mobile, 37 deg.; Savannah, 37 deg.; Atlanta, 37 deg.; Washington, 37 deg.; Baltimore, 37 deg.; Philadelphia, 37 deg.; New York, 37 deg.; Boston, 37 deg.; Chicago, 37 deg.; St. Louis, 37 deg.; Kansas City, 37 deg.; Omaha, 37 deg.; Lincoln, 37 deg.; Denver, 37 deg.; Salt Lake City, 37 deg.; Albuquerque, 37 deg.; Santa Fe, 37 deg.; El Paso, 37 deg.; San Antonio, 37 deg.; Austin, 37 deg.; Dallas, 37 deg.; Houston, 37 deg.; New Orleans, 37 deg.; Mobile, 37 deg.; Savannah, 37 deg.; Atlanta, 37 deg.; Washington, 37 deg.; Baltimore, 37 deg.; Philadelphia, 37 deg.; New York, 37 deg.; Boston, 37 deg.; Chicago, 37 deg.; St. Louis, 37 deg.; Kansas City, 37 deg.; Omaha, 37 deg.; Lincoln, 37 deg.; Denver, 37 deg.; Salt Lake City, 37 deg.; Albuquerque, 37 deg.; Santa Fe, 37 deg.; El Paso, 37 deg.; San Antonio, 37 deg.; Austin, 37 deg.; Dallas, 37 deg.; Houston, 37 deg.; New Orleans, 37 deg.; Mobile, 37 deg.; Savannah, 37 deg.; Atlanta, 37 deg

FRIDAY, DECEMBER 22, 1916.—EDITORIAL SECTION.

**CALIFORNIA**  
**COMPANY**  
WAY, LOS ANGELES  
erside, San Diego.

**LINK HANDS TO GET NEW JAIL.**

Clear-sighted Citizens Form Campaign Association.

Are to Bend Every Effort to Abolish Horror-hole.

May Ask that Coming Budget Provide Needed Funds.

The New City Jail Association effected a permanent organization yesterday, and elected the following officers: President, Mrs. H. H. Works of the Women's City Club; vice-presidents, E. G. Judah of the Merchants' and Manufacturers' Association, Mrs. E. C. Bellows of the Elbell Club and Parent-Teacher Association, Mrs. E. R. Brainerd of the City Mother's Association, Mrs. J. W. Ryland of the Church Federation and Ministerial Union, and Albert G. Bartlett, representing the Municipal Club; treasurer, N. G. Morse of the A. J. Club, and secretary, Edward C. Shuman of the Municipal League.

With more than fifty civic and public-spirited organizations participating in the conference, which resulted in the selection of officers, and without a dissenting vote, the sentiment crystallized into a spontaneous movement which will leave no stone unturned until the present horrible City Jail and its malodorous Central Police Station are effectively eliminated as a part of the municipal government.

As evidence of the desire on the part of every broadminded citizen to attain this end as soon as possible, Councilman Topham, who attended the meeting, made a valuable suggestion to the conference. He declared the necessity of a bond election would be obtained if a request was made to the Council Finance Committee to have the matter included in the tax levy when the budget is made up for the coming year.

Members of the conference expressed their gratification at this and voted to follow the plan immediately.

Records from Public Defender Pope's office were placed at the disposal of the committee and the co-operation of that official and of Chief of Police Butler was given in communications that were received.

With one accord the association decided to make its campaign on three grounds: First, the moral welfare of the prisoners; second, their physical requirements, and, finally, the mental condition of those whom the courts have decided are in need of corrective treatment.

To replace the modern "Bastille of America," which has existed for twenty-five years, it was decided to ask for three separate bond elections. First, a municipal farm where those under judicial sentence may have opportunity to gain self-respect without being subjected to the scrutiny of the public, as they are at present when placed on the "chain gang," tended by some of the conference members as a sort of "California Siberia."

For segregation. The statement of those undergoing punishment, the farm will also render efficient service, but the new detention station which is contemplated will at once separate the hardened criminal from those who have merely committed some misdemeanor for which they must necessarily answer to the courts of the State.

With these two reforms to aid both moral and physical conditions of the city's prisoners, it is declared, not only will the moral condition be greatly improved, but those who have to deal with and aid in the corrective work of those under sentence will be working in new surroundings, vastly different from anything this city has ever known.

A large administration building to house the police executives so they will not come in contact with or live under the same restraint as the sentenced, is one of the important reforms suggested, and which will materially aid the moral upbuilding of prisoners and those responsible for their well being during the time of confinement.

In this new administration building the police courts will also be located, as Dr. Barton of the Moral Efficiency Association expressed it, "no terms need not crawl over the judge's collar while other parasites were playing tar upon prisoners and spectators alike."

Fifty more organizations are expected to affiliate with the association which organized yesterday. Each member of the organization committee was constituted a publicity committee of one, to keep the enthusiasm for the movement alive and to tell the public of the conditions of new and secure the united support of every citizen to compel the raising of the present "black hole of the Pacific Coast" and replace it with the nearest ideal system of correction of which any American municipality can boast.

The association and its executive committee adjourned to meet at the call of the chair.

**SETTLE: SUIT DISMISSED.**

A stipulation was filed in United States District Judge Trippett's court yesterday dismissing the damage suit of Harry J. Stewart of Stockton against the Santa Fe. Stewart sued for \$75,000, alleging this to be due on account of an accident he suffered while employed by the road at Richmond. The defendant corporation paid him \$2500 in settlement. Stewart and his wife have sailed for Australia, where they expect to live with their old friends.

**A CHRISTMAS APPEAL.**

The Los Angeles Federation of the Parent-Teacher Association urged the people to assist them in bringing Christmas cheer to the hearts of the needy little children in the day nurseries and other departments of their work. They ask that stockings, shoes, warm underwear, candy, fruit, toys or books be sent to the headquarters, room 517, Chamber of Commerce Building. Or, they will call for the articles if telephoned to at Main 2601 or 25423 and told where to call.

**NAB SELLING TRIO.**

Policeman Who Quits Force under Sebastian Regime and Two Others are Arrested on Mining Man's Charge of High-Grading.

Edward Arnold, former police officer of this city, and Robert Nichols and Henry Johnson were arrested yesterday morning on a charge of "high-grading" tungsten ore from the mine of the Tungsten Mining Company near Bishop and selling it in Los Angeles.

Deputy Sheriff Allen arrested the men. They are alleged to have cached their ore on the road between the mine and Los Angeles. About \$1000 worth of this ore is said to have been recovered by the company. The sales were made to T. Tartaria, a local mining broker, according to evidence to be given by L. L. Stevens, an official of the mining corporation.

The trio was arraigned before Justice Brown, and their attorney demanded an immediate preliminary hearing. Deputy District Attorney Guernsey stated that he would have to get two witnesses from Sacramento and asked for a continuance of the matter to early next week, which was granted.

Arnold was a patrolman under the Sebastian regime and is alleged to have lost his position during the investigations converging around the former Mayor.

With more than fifty civic and public-spirited organizations participating in the conference, which resulted in the selection of officers, and without a dissenting vote, the sentiment crystallized into a spontaneous movement which will leave no stone unturned until the present horrible City Jail and its malodorous Central Police Station are effectively eliminated as a part of the municipal government.

As evidence of the desire on the part of every broadminded citizen to attain this end as soon as possible, Councilman Topham, who attended the meeting, made a valuable suggestion to the conference. He declared the necessity of a bond election would be obtained if a request was made to the Council Finance Committee to have the matter included in the tax levy when the budget is made up for the coming year.

Members of the conference expressed their gratification at this and voted to follow the plan immediately.

**VOTER IS TOLD TO CHASE SELF.**

Sixteen Thousand of Him Flouted by Council.

Alternative Power Plan is Called an "Insult."

Attorney Brounbeaten on the Floor of Chamber.

Hostility to the petition of 16,000 people for an alternative proposition to the power bonds plan was shown by the Council yesterday when it referred the request to the committee of the whole and in committee practically decided that it will not put the question on the ballot.

Atty. Michael F. Shannon, representing G. A. Nelson, one of the signers of the petition, addressed the Council and was savagely handled by Councilman Wheeler as "the smoothest article that has been in this Council for a long time." He also was attacked by Councilwoman Lindsey and Councilman Roberts, and the methods adopted were such that Councilman Topham and President Betkouski appealed for fairness.

"I think Mr. Shannon is entitled to courtesy," said Topham and in order to allow the city to enter into its proposed arrangement with the Southern California Edison Company and the Pacific Light and Power Corporation, it was learned yesterday, it is planned to hold this election at the same time as the people vote on the bonds, which at the earliest will not be before February even if then.

There is some talk around the City Hall as to the advisability of postponing the election until next summer and in the meantime to lease the distributing plants of the companies in order to try out the scheme. The Mayor has discussed the subject informally with representatives of the companies, it was stated last night.

The proposed deal with the power companies includes the entering into a contract whereby the city will purchase from them during a period of ten years such power as it will need in addition to the power generated by its own plants. The charter amendment adopted at the recent election does not adequately provide for this, in the opinion of the companies.

"The City Attorney and the attorney of the two companies have agreed that it would be advisable to make a slight change in the charter amendment in order to avoid any technicalities being raised," said Councilman Wheeler. "Under the amendment there is some doubt as to the city's legal authority to purchase power from the private companies as proposed. The earliest date at which the bond issue and the proposed charter amendment could be submitted to the voters is February 2."

Board, and Special Counsel Matthews spoke against the alternative proposition.

**CHAMBER FOR BONDS.**

Unanimously Declares in Favor of Municipal Power Plan.

Unanimous endorsement of the proposed purchase of the power distributing plants for which negotiations have been under way was given yesterday by directors of the Chamber of Commerce, who held a special meeting for the purpose of considering the report of committee on county and municipal affairs who had been instructed to make a thorough investigation of the entire agreement.

A special request is conveyed in the endorsement, this being that no other question excepting the bond issue and the charter amendment necessary to carry into effect the provisions of the agreement be placed on the ballot. It is feared that confusion will arise in the minds of voters if other propositions are submitted and it is believed by the directors that the proposed bond issue of \$12,000,000 should be thoroughly understood by all citizens and not allied with any other issues.

Councilman Wheeler, Commissioner Kemp, of the Public Service

Jevne's Merchandise Order solves the perplexing problem of "what to give."

**JEVNE'S**

"Where Prices Are Lowest for Safe Quality"

Are You in Doubt just what to give?

Do you really know what Edith wants?

Are you absolutely certain a box of cigars is just what Bob desires?

Be a Spug. Give useful—desired Gifts.

If you don't know just what is most desired, give a Jevne's Merchandise Order. With this your favored friends can select anything their hearts desire—Cigars, Perfumes, Wines, Liqueurs, Household Utensils, Candy, Cakes, Groceries, etc.

Orders written for any amount—good for anything in our stores—anytime.

**A Beautiful Art Calendar Free**

The Times has arranged to tribute free with its issue of December 31st, the handsomest calendar brought out for 1917. It is an arate sheet, 8 1/2 x 15 inches, of fine heavy white paper. This art Calendar in every sense of the word and designed not so much for the office as for the library, den or den.

The oval picture is a reproduction of a full-length portrait of a nettle Kellermann, tinted in soft tiful colors, after the original painting and presenting a gorgeous surface to the eye.

This is the Calendar which the New York World distributed to an extent of half-million copies. The Christmas gifts to its readers. The Calendar can be obtained with the issue of The Times of December 31st.

BY THE STAFF.

Thank God, the giving habit is growing, too.

All of these prohibition elections ought to be held on January 1.

If matches cost anything, they would be less mooling of the sticks.

Col. Bryan says he is glad to be again a private citizen. It makes it unanimous.

In the prohibition States, the most is favored only with the with which it is eaten.

No doubt David Lloyd George hopes that Santa Claus will bring him no more tin soldiers.

One-cent postage ought to be used in a Congress where there are so many members of that price.

It is noted that the stocking Santa Claus is expected to bring Christmas is larger than ever.

What has become of the nation's Fatsley shawls the ladies to wear across their shoulders?

President Wilson has made his first official move toward peace in Europe. Things are in.

Farmers are paying for farms with the money saved on their wheat. Oh, rustic states, where is this thing?

One real leader of men ought to get a good job either in or down in Mexico. There is a lack of that kind.

The right to eat chicken fingers is now denied in many states. Soon the people will have liberties at all worth mentioning.

People should care for their people so their furnace, the opinion of a physician. But some janitors care for the furnace.

It is too bad that President Wilson cannot come to California. We imagine he would like to see "assistant Democrats" the other way.

There is this to be said about movement of the President's movements, they would be remembered provided we care to do so. That seems to be the rule.

Indications point to the fact that an army patrol along the border for a year or more is evident that the President is of settling the situation personally.

President Wilson has been checked for \$200 to assist in the count of the Democratic National Committee. It was the last he could do, as he gets the usufruct.

It seems to be admitted by body but President Wilson and the Mexican border is a matter of the latest military action in that view.

It seems to be about settled that there will be no break in the Cabinet next March, and that who have been wishing they are likely to be disappointed why recent the condition? It is what the dear people voted November.

The inquiry into the living by the government to prove a typical representative investigation. If it is not estimated by the special agent Department of Justice, but son administration has made the bluff.

Official word has been that the execution at Oaxaca, Mexico, will be done about nothing, we won't even send the American people have by their vote that they sort of thing.

One of the results of the election is that the Federal Partisan Political League, the executive and legislative departments of North Dakota, struggle for State management various activities, and State Park Barrell will be a number.

The Supreme Court of the States will not hear the case on the Adamson law this year, less pass upon it, and the may be delayed for months in spite of the threat of the hands that the court would be to take immediate action on one drive that union labor make good.

The status of persons South is charged to the boll weevil and the boll weevil in the cotton fields. Then the expansion of industries and the labor paid to wage-earners in the traction that has caused the southland. Thus the alarm that colored men in the North to vote at the Presidential election, and very thing else, my money.

**YULE SONG.**

The long, long night is here. And morning comes at last. To throw his gaze of present day; The work we've left undone; The time again to watch and pray.

Through all the rolling years The flow of song and tears Can never cease and the dream Do till their coming day. Salute the coming year When Hope no longer waits And mortal man no longer mourns. GEORGE WINGFIELD.

**LLOYD GEORGE ON THE BLOCK.**

**CHICAGO, Dec. 21.—**Average prices were lower today at the annual auction of horses at the stockyards. The show horse Lloyd George brought the highest price, \$700. He was sold to D. Schilling of Chicago. The sale will end tomorrow with the disposal of the racing stallion, Denmore, 2:02 1-4; Deputy Sheriff, 2:04 1/2, and other campaigners.

Horsemen's Association of America, to organize the horsemen and that his action is endorsed by Headley. He read a telegram at the meeting no indorsement of his action.

George Wingfield, the big Nevada horseman who has thirty-nine horses at the track, is not in accord with the striking horsemen and a telegram was received tonight by George V. Berry, his manager here, and by Coffroth, stating that he would have nothing to do with any plan of the horsemen dictating the way the association should run its business, as they are furnishing the money to run it on.

"The new rule would likely be beneficial, but their blackmailing tactics will not force us into signing any petition," is the wording of Berry's message from Wingfield. Leon Wing, secretary of the jockey club, stated that the system used here was used last season and is the same as that of the old Pacific Coast Jockey Club rules and is used by all the tracks on the Coast.

Horsemen and race track followers were deeply concerned tonight in the outcome of the controversy. The telegram from President Headley of the Thoroughbred National Association to Denny read:

"Retention of any part of run-up money in a racing association for its own use is generally conceded to be unfair and is contrary to modern practice. The association stands firmly opposed to it, and strongly indorses the movement of Tia Juana horsemen to have all such money returned to them in form of purses through such method of distribution as can be agreed upon and between the officials of the Lower California Jockey Club and Tia Juana committee of the Thoroughbred Horsemen's Association, which recommends Canadian selling racing rules as most satisfactory."

It is admitted by body but President Wilson and the Mexican border is a matter of the latest military action in that view.

It seems to be about settled that there will be no break in the Cabinet next March, and that who have been wishing they are likely to be disappointed why recent the condition? It is what the dear people voted November.

Two giants who will grapple tonight.

Below, Strangler Lewis is shown putting the now famous Stecher scissor on his partner. Below, Daviscourt is dancing around with Dan McLeod.

Lewis is claimant of the heavyweight championship, having wrestled Stecher to a five-hour draw. He has not lost a fall in two and a half years.

Strangler Lewis is ready to tackle his tough opponent from the northwest.

BY HOWARD ANGUS.

STRANGLER ED LEWIS, the Kentucky giant and claimant with Joe Stecher of the world's wrestling championship, will appear at the Los Angeles Athletic Club tonight.

He is matched with Nick Daviscourt, a young Goliath from the Northwest, who is easily the best wrestler on the Coast with the possible exception of that little wonder man, Ad Santelli.

TWO FALLS.

The match is to be the best two falls out of three and is open to the public at \$1.00 per head and up. But the show is worth the price.

Daviscourt will give the Strangler as tough a time as anybody in the country except Joe Stecher or Zbyzsko. He threw Ad Santelli once in eighteen minutes, it took the famous Strangler one hour and forty-two minutes to do the same trick.

Strangler Lewis is easily the most impressive wrestler who has been seen in these parts since the great Frank Gotch. In his training he looks much better than Gotch did when he was here. Gotch tired after about twenty minutes work, Lewis hardly gets up a sweat in an hour's work. Gotch used to find a little trouble in setting some of the athletes on their heads, but the Strangler simply crushes his opponent to the mat whenever he feels like it.

STRENGTH.

Lewis's greatest asset is his tremendous strength. His shoulders are twice as wide and his chest twice as deep as the ordinary man's. He has a long body and short legs. When he puts all his 250 pounds of muscle into a twist, his opponent usually turns. He is so big and powerful himself that it is impossible to do anything with him. It is just like trying to get playful with a piano. If Daviscourt can knock Lewis around, he's doing more than anybody else at the club.

PAST.

For a big man Lewis is fast, especially when he's on his feet. It is

pressed himself as disgusted with the whole match. "The audience was hostile from the start. You know that wrestling is not a parlor sport, yet I didn't dare rough him. I threw him across the ring twice and the crowd came near mobbing me."

"I'm willing to wrestle Stecher anywhere but in Omaha, and guarantee to throw him."

Daviscourt also is a large man, almost as big a giant as Lewis. He hasn't the width of the Kentuckian, but otherwise can hold his own in measurement and muscle. Dan McLeod is very favorably impressed with the northwesterner's work.

Nor will there be any let up until Christmas Day. This is the edict issued this afternoon by Coach Beadek. He is granting the men a special dispensation on the great holiday, though, and is allowing them just one day of rest that they may go home and eat a limited amount of turkey and cranberry sauce with the home folks and hang up their stockings by the old home fireplace. But Christmas night they must be back in Eugene again, ready to board the Shasta Limited, bag and baggage.

New variety suits arrived today and when the men appear on the Pasadena gridiron for the great inter-sectional game with the University of Pennsylvania huskies the variety will appear in the glory of the lemon-yellow colors of the University of Oregon.

Daviscourt has all the confidence in the world in himself. "Certainly I'll throw Lewis, and do it easily. I saw him work against Santelli in the north, and believe me, he hasn't a thing."

TO MEET SATELLI.

After this match Lewis will return to San Francisco to meet Santelli again. The giant has signed to throw Santelli twice in two hours and a half.

On coming south Lewis had no intention of returning to San Francisco. The northern promoters have hooded him so successfully that he is now a student in Stanford University. For the last three years he has been a resident of Pasadena, his address being Orange Grove avenue. It is his plan, however, to discontinue his Pasadena property and move to Los Angeles in a short time.

"I think that my associations with Mr. Daviscourt are satisfactory and agreeable," said the newly-arrived giant. "I have always found him to be on the level, and regard him as a good sportsman and thorough baseball man. He will have charge of the practice and of the game, and the manager will be given a free hand on the field."

Although always an ardent fan, Lewis never has been actively identified with baseball. He laughingly remarked that his sole participation in the game consisted of officiating as an umpire several years in the annual game played in San Francisco between the Sacred Heart

and on to New Orleans. The fast SUNSET LIMITED leaves at 8:40 every morning—only two nights to New Orleans. Connects there with limited trains east and north, and with Southern Pacific steamers for New York—one hundred golden hours at sea. Through tourist sleeper to Washington, D. C., every day. **FISK AND DARMODY TO CONTROL VERNON FUTURE.**

**Reorganization and Change in Management Expected in Tiger Club—Stovall and Cravath Receiving Careful Consideration for Boss Job—Patterson also Appears in Possibility Lists.**

**BY HARRY A. WILLIAMS.**

COAST LEAGUE baseball in general, and local baseball in particular, has been enriched by the enlistment of Arthur G. Fisk of Orange Grove avenue, Pasadena, as a manager.

Fisk is now a part and considerable owner of the Vernon club. Following a conference which lasted well into the evening, Darmody announced that an agreement had been reached by which Fisk was to become a part owner, and the statement was confirmed by Fisk, although no confirmation was necessary.

A CHANGE.

This deal will be followed by a reorganization of the board of directors on January 1, and in all probability by a change of management. Patterson, it is understood, will be able to count his days as manager of the Tigers on the fingers of two hands. It is the present plan to land him another position. As stated more than a month ago, George Stovall is being seriously considered for the position. Of course, there may be a hitch in these arrangements, but that is believed to be the present plan, with Cravath as second choice.

That the choice lies between these two there is hardly a doubt in the minds of baseball men who have been studying the various angles of the situation. The one thing that militates against Stovall is that Darmody is believed to favor a playing manager. Stovall is a first baseman, and the club is strongly fortified in that position with Gus Gleichmann. Cravath could manage the club and play the outfield, where Darmody is particularly eager to increase the hitting, and Garry certainly can macerate the pill. In case Stovall takes the job, and decides to play first, a deal could be made for Gleichmann which might prove advantageous to the club.

That Darmody and Fisk will aim high in the matter of a new manager, and land a man who has traveled on his big time is certain.

As is customary, no statement was made of the exact amount of stock purchased by Fisk, but he went far enough to make it a real investment. He and Darmody are said to be practically on a 50-50 basis, and between them will own all the stock with the exception of a few scattering shares.

The deal announced last night is the culmination of negotiations which have been in progress for more than a month, or some time back. The giant has signed to throw Santelli twice in two hours and a half.

On coming south Lewis had no intention of returning to San Francisco. The northern promoters have hooded him so successfully that he is now a student in Stanford University. For the last three years he has been a resident of Pasadena, his address being Orange Grove avenue. It is his plan, however, to discontinue his Pasadena property and move to Los Angeles in a short time.

"I think that my associations with Mr. Daviscourt are satisfactory and agreeable," said the newly-arrived giant. "I have always found him to be on the level, and regard him as a good sportsman and thorough baseball man. He will have charge of the practice and of the game, and the manager will be given a free hand on the field."

Although always an ardent fan, Lewis never has been actively identified with baseball. He laughingly remarked that his sole participation in the game consisted of officiating as an umpire several years in the annual game played in San Francisco between the Sacred Heart

# The Public Service.

At the City Hall.  
FULTON LANE TO  
BE REAPPOINTED.

MAYOR INSISTS THAT HE BE  
RE-ELECTED PRESIDENT.

Duties of the Board of Public  
Utilities Have been Considerably  
Increased of Late Since Regula-  
tion of Motor Buses was Added  
Thereto.

Fulton Lane will probably be re-  
appointed to the Board of Public  
Utilities, and Mayor Woodman will  
insist that he be re-elected pres-  
ident of the board.

"I have not come to a final de-  
cision, but I probably will reappoint  
Mr. Lane," said the Mayor, "and I  
shall expect him to be president if I  
do reappoint him."

The duties of the board have been  
considerably increased of late since  
motor buses were placed under its  
jurisdiction.

ROBS UP AGAIN.

CEMENT PIPE QUESTION.

The question of the use of cement  
in sewer construction was brought  
to the attention of the Public  
Works Committee of the Council  
and the Board of Public Works  
yesterday. By request of Mayor  
Woodman, Capt. A. N. Milner, a con-  
sulting engineer on sewer systems, sub-  
mitted to the board his opinion of the  
specifications recently approved by  
the Board of Public Works, and  
said the City Engineer's office  
was of the opinion that the use of  
a sewer pipe made of cement was  
not a sound business proposition.

The Public Works Committee re-  
ceived a verbal report from As-  
sistant City Engineer Knott of the  
sewer department regarding the use  
of a sewer pipe made of cement.  
It is said a similar pipe is in use  
in Brooklyn and other cities, and  
the cost of the material is about  
the same as cement pipe.

Commissioner O'Brien said he is  
ready at once to recommend the use  
of cement sewer pipe. In fact, he  
said, the board three months ago  
decided to recommend that the  
Council pass the specifications.

NEW CONEY ISLAND.

PLAN FOR HARBOR.

Planning to bring from San Diego  
to Terminal Island a number of the  
amusements now at the exhibition,  
E. Pickering and C. F. Wickland  
yesterday applied to the Board of  
Harbor Commissioners for a conces-  
sion to build a pleasure park hav-  
ing a frontage of 1000 feet on  
Brighton Beach.

They want to pay as rental 2 1/2  
per cent of the gross income. The  
City Attorney has been asked to  
give an opinion as to whether the  
lands held for the purpose of com-  
merce and navigation can be tem-  
porarily leased for an amusement  
concession.

Charges Not Sustained.

The charges against Foreman  
Bristow of one of the city's asphalt  
gangs were not sustained in the  
opinion of Commissioner O'Brien,  
and he said yesterday he is pre-  
pared to make a report to that ef-  
fect. It is expected the report of  
the board will be made next Tues-  
day.

Loose Milk Bottles.

In an effort to stop the looting of  
milk bottles by junk men and others,  
the Health and Sanitation Com-  
missioner will today recommend that  
the Council pass the ordinance pro-  
posed by many dairymen and Dr. L.  
M. Powers, Health Commissioner.

To Investigate.

Mayor Woodman sent a message  
to the Council yesterday enclosing  
correspondence relative to the com-  
plaint of Don C. Powell, a steam  
roller engineer, that he was unjustly  
granted by the Civil Service Com-  
mission. The Civil Service Com-  
mission will investigate.

City Council Notes.

The formal report of the Public  
Safety Committee with reference to  
prison reform, as recommended by  
the Prisoners' Friend Society, was  
sent to the Council yesterday and  
ordered filed. It is along the lines  
already exhaustively reported in The  
Times.

A resolution was passed directing  
the City Treasurer to deliver to the  
San Fernando Mission Land Com-  
pany \$250,000 worth of bonds of  
district No. 2.

At the Courthouse.

EXPERT DID NOT

EXAMINE VOUCHERS.

JUDGE DISCLOSES OVERSIGHT

THAT MEANS MUCH.

Man Who Lent Money to Realty

Concerns Wants Property Sold

Under Foreclosure, but Other

Claimants Resist—Court will

Make Its Own Appraisal.

Court battle revolving around

sale of the Tifal Building and

Investment Company, on trial before

Justice, reached a point yesterday

where the court made a sur-  
prise appointment for the trial of

the expert appointed by the

bank to examine the books of

Storow, who had advanced

sum of money to assist the

company in its operations on Fifty-  
first street. But it appeared,

the report was very fa-  
vorable to the bank.

Mr. Storow, that he had

advised the expert that he

had not examined the books of

Storow, that he had

advised the expert that he

had not examined the books of

Storow, that he had

advised the expert that he

had not examined the books of

Storow, that he had

advised the expert that he

had not examined the books of

is resisted and an attempt is being

made to have Mr. Storow come in

on an equal footing with the other

claimants.

MONEY DIDN'T COME.

ARMY MAN GETS PROBATION.

Richard Spiekerman, the German

army officer who expected money on

the Bremen, but which has never ar-  
rived, appeared before Judge

McCormick yesterday for the dispo-  
sition of his case. He was charged

with passing fictitious checks, and as

his defense set up the plea that a

large sum had been expected by him

from abroad, but it had failed to get

here. Yesterday he showed receipts

for the money, and Judge McCormick

stated, he had succeeded in making

good the money of those who cashed

his paper. Taking this into consid-  
eration, the court placed him on pro-  
bation for a period of three years.

LOSE AGAIN.

THIRD DIVORCE ACTION.

"I don't want to live with him,

and I suppose he does not want to

live with me," exclaimed Mrs. Min-  
nora Lightfoot, yesterday in her at-  
tention to Judge Wood yesterday when

the court, after hearing the evi-  
dence in Mrs. Lightfoot's third di-  
vorce action, said it was impossible

that either she or Albert Lightfoot

could ever obtain a decree from the

court.

The actions were all based on de-  
claration of non-support. The Sup-  
reme Court, ruling on one of the

cases, held that each was unwilling

to live with the other. Under the

circumstances there has been no de-  
claration of non-support.

SEEK JURY.

IN GREGORY CASE.

Eben J. Gregory, charged with the

murder of John Brennan on August

25, appeared for trial before Judge

McCormick yesterday. Practically

the entire day was passed in argu-  
ing over the selection of proper

jurors between Deputy District At-  
torney Selph and Attorney Rogers

and Howell, who appear for the de-  
fendant.

Brennan was a resident at the

apartment-house operated by the

mother of Gregory at No. 437 South

Flower street. Gregory accused

Brennan of the murder of his son

house linen, which led to a quar-  
rel. Following this, Gregory is al-  
leged to have pulled a gun and shot

Brennan to death.

FREEDOM FALA.

SAUL STILL IN JAIL.

John E. Saul failed to gain his

release yesterday on his habeas cor-  
pus action before Judge Rogers. On

June 2, he was sent to the County

Jail for contempt of court, growing

out of his refusal to produce the

Saul children. A daughter, he

declared, resided in England with

her mother, and he said he sent her

money with which to return, she re-  
fused to do this. She, with four

other children, was given into the

custody of Mrs. Saul at the time of

the divorce.

Judge Rogers informed Saul yester-  
day that if he would secure a

modification of the order of Judge

Houser, made eight years ago, at

the time of the divorce and relating

to the children, he would consider

the granting of his release. A hear-  
ing on his application and its re-  
sults is scheduled for December 29.

CASE REPEALS.

EXPLAINS CHARGE.

In the Probate Court yesterday,

where he was cited to appear to

show cause why he should not be

removed as administrator of the es-  
tate of F. E. Russ, Phil Cass, an at-  
torney, was able to satisfactorily ex-  
plain to Judge Rives the disposi-  
tion of the property of the estate,  
and to combat the allegations of

mismanagement contained in the pe-  
tition to remove him.

Judge Rives stated, however, that

Mr. Cass had been lax in his admin-  
istration and had been dilatory in

some of the business details. The

question of Mr. Cass's removal was

taken under consideration by the

court.

## CRITICISES DELAY IN HELMS TRIAL.

JUDGE DENIES PROSECUTION  
MONTH'S CONTINUANCE.

Declares Teachers' Flight from  
Witness Stand is a Flagrant Dis-  
obedience of Law and will Deal  
Severely with Offenders When  
They Return.

Police Justice White yesterday

temporarily denied the month's con-  
tinuance asked for by the prosecu-  
tion in the criminal libel action

against Dana Sleeth, editor of the  
Record. He declared "this is a most

unprecedented and unusual proceed-  
ing for the State and the court is

not conducive to good govern-  
ment," said the justice. "The sooner

Mr. Hopkins and Mr. Marbut re-  
turn and testify the better it will

be for them. I shall deny very se-  
verely with them when they ap-  
pear."

Police Justice White declared it

would be best for Mr. Hopkins to

appear, the brother of the late  
McKnight. The defense located the

prosecution's witness Wednesday  
night, and a subpoena was served

on the school teacher whom the  
prosecution claimed they were un-  
able to find, and yesterday he ap-  
peared in court and testified he had

never been served and did not know  
he was wanted as a witness.

His testimony cited three oc-  
casions on which he had seen Capt.  
Helms at the club, but at neither

time did he see him drink any  
form of liquid refreshment.

Attorney Perry for the defense

then offered to discontinue the ac-  
tion for lack of diligence, and be-  
cause of the nature of the im-  
material witnesses who testified.

He related his attempts to find some  
of the missing witnesses, and he  
learned they were in the city the

night before the prosecution asked  
for its long delay.

Judge Rogers then ordered As-  
sistant Prosecutor Morgan to use

the police to locate the men wanted.  
It was at this city that he learned

the whereabouts of the men, and the  
force at his disposal, the State should  
not be able to produce these men."

The morning session of the court  
will decide whether to grant the mo-  
tion for a continuance, and if the opin-  
ion is adverse the defense will then

attempt to specify and the proceed-  
ings.

Freedom.

SHE GOES IT ALONE.

Wife of Indicted Home Builder

Official Qualifies as Surety for

Brother—Is a Sole Trader.

She Says, Has Hundred

Thousand in Property.

Information was received yester-  
day by Assistant United States Dis-  
trict Attorney O'Connor that L. R.

Garrett, jointly charged with other  
former officers and directors of the  
Home Builders with using the mails

in a scheme to defraud, has given  
bond of \$1000 in San Francisco for

his appearance here to answer the  
charge.

Mr. Garrett is understood to have  
been in the spirit in the or-  
ganization of the Home Builders,

and his wife is one of the sureties  
for his brother, E. H. Garrett, who  
is also under indictment.

"I am a sole trader," said Mrs.  
Garrett when qualifying before  
United States Commissioner Ham-  
mack yesterday. "I do not do busi-  
ness under the name of Mrs. L. R.

Garrett, but as E. H. Garrett." She  
has about \$100,000 in property  
alone, according to the schedule she  
furnished the Federal authorities.

It is expected that the slight in-  
dicted men, L. R. Garrett, Joy A.

Winnans, W. B. Judson, S. H. Garrett,  
James W. B. Judson, S. H. Garrett,  
Rex De Barr and H. C. Galloupe

will be arraigned before United  
States District Judge Trippet, Tues-  
day morning, when notice of the  
filing of a demurrer to the indict-  
ment will be offered.

ON TO NEW YORK.

Taking of Testimony in Oil Suit

Ends—Will Resume Hearing.

Taking of testimony in behalf of

the defendant in the government's  
oil suit against the Southern Pa-  
cific closed temporarily in United

States District Judge Blodgett's  
court last evening after Bernard  
Blumenfeld, the San Francisco en-  
gineer, had been on the stand all  
week.

It is understood that the next  
hearing will be in New York, com-  
mencing about January 20, when

the documents in possession of the  
Southern Pacific, the San Francisco en-  
gineer, had been on the stand all  
week.
